

# Kanttaukset | Borders

Valikoimassamme on lukuisia erilaisia kantti- vaihtoehtoja aina 120 mm leveästä chenille- kantista 22 mm leveään polyesterikanttiin. Kullekin mattolaadulle on määritelty oma vakiokantti. Kantin voi kuitenkin vaihtaa joko toiseen väriin tai leveyteen mutta myös eri materiaaliin.

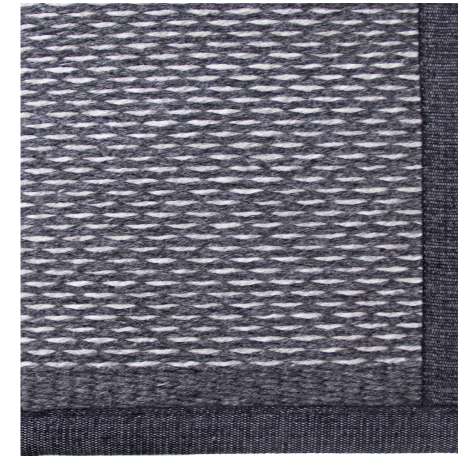

There are several various border options in our choice from 120 mm wide chenille border to 22 mm wide polyester border. Each rug has its own standard border. It is, however, possible to change the border to some other colour or width or even to some other material.
